Your products as advertising media

We are the brand for professionals who rely on top-quality products.

Mopptex is primarily a private label producer of mops, microfibre cloths and other cleaning textiles in all variations and designs.

Quality and sustainability are our priorities! As we operate our own production facilities in Europe, we can offer our customers a very prompt, professional and customised service of the highest quality.

Our fabrics and services are specially adapted to the needs of professional users. Our status among our valued customers is consolidated by our custom developments and solutions. Our technical facilities and expertise allow us to serve you with both innovative new developments and low-cost products. We also offer our customers various logistical solutions to open up a range of distribution strategies.

In addition to our individual solutions, you can rely on a standard range that meets your needs and the needs of the market and is always in stock!

Our products are supplied in a neutral appearance or as a customer own brand if required.

State-of-the-art machinery

Our Austrian headquarters and our site in Poland together employ around 250 people and operate a space of approx. 16,000 m² for general administration, warehousing and production.

This makes us the leading producer in Central Europe with a special focus on general cleaning textiles, microfibre cloths and mops in industry, for professionals and for the consumer goods market.

Our machinery is among the most modern and effective.

NEW: Microfibre disposable mop FLEXI

Art. no. 40 cm: 100570

Art. no. 50 cm: 100571

Features:

Certain hygiene regulations may prohibit the use of reusable cleaning textiles. Even in special cleaning cases, the use of high-quality mops is not worthwhile or not hygienic. For these purposes, the use of efficient disposable mops is recommended. Due to its structured surface, the disposable mop FLEXI has very good sliding properties. An efficient disposable mop with particularly good absorption of liquids and dirt. For universal cleaning in hospitals, retirement homes, schools, garages or in the gastronomy.

Application area:

Universal maintenance cleaning, smooth floor coverings such as stone floors, tiles, porcelain stoneware, marble, parquet, laminate and much more.

Application: Moist cleaning

Washable: Disposables

Suitable for tumbling drying: Disposables

Box content: 500 pieces

Microfibre cloth DIAMOND

Colour	Art. no.
Blue	300750
Red	300751
Yellow	300752
Green	300753

Features:
High-quality and robust, even after washing. Unique, special surface texture, ideal for thorough universal cleaning.
The ball-shaped knobs give the cloth very good sliding properties and an excellent feel during use.
Can be used dry, damp or for spray cleaning.

Application area:
Universal maintenance cleaning, kitchen and sanitarie, top performance on all common surfaces.

Cloth size: approx. 40 x 40 cm
Weight: ca. 53 g/cloth
Edging: High-quality, robust, tear-resistant
Washable: 60 - 95° C
Box contents: 20 bags of 10

Microfibre cloth MASTER

Colour	Art. no.
Blue	300754
Red	300755
Yellow	300756
Green	300757

Features:
High-quality and robust, even after washing. Unique, special surface texture, ideal for thorough universal cleaning. The knobby surface texture perfectly and thoroughly collects dirt particles. Later released again by rinsing with water. Can be used dry, damp or for spray cleaning.

Application area:
Universal maintenance cleaning, kitchen and sanitarie, top performance on all common surfaces.

Cloth size: approx. 40 x 40 cm
Weight: approx. 48 g/cloth
Edging: High-quality, robust, tear-resistant
Washable: 60 - 95° C
Box contents: 20 bags of 10

Microfibre FLOOR CLOTH

Colour	Art. no.
 Blue	300404
 Green	300405

Features:
Checked surface

Application area:
Universal cleaning or for drying, maintenance cleaning, kitchen, floor.

Cloth size: approx. 50 x 60 cm
Weight: approx. 92 g/cloth
Edging: Double, reinforced, additional edge binding
Washable: 60 - 95° C
Box contents: 15 bags of 10

Microfibre cloth SOFT VELOUR

Colour	Art. no.
 Blue	300204
 Red	300203
 Yellow	300202
 Green	300201

Features:
Velour-style, fine-nap structure.

Application area:
Universal cleaning, maintenance cleaning, can be used dry, moist or for spray cleaning.
Top performance on metallic surfaces, ceramics, stainless steel, etc.

Cloth size: approx. 40 x 40 cm
Weight: approx. 35 g/cloth
Edging: Reinforced, additional edge binding
Washable: 60 - 95° C
Box contents: 20 bags of 10

Microfibre cloth WAVE

Colour	Art. no.
 Blue	300685
 Red	300687
 Yellow	300686
 Green	300688

Features:
Terrycloth-style surface texture, robust knitted fabric. The edges are cut by laser so there is no sewing thread. Feels very good in the hand and is very easy to wring out

Application:
Moist or spray cleaning, universal, general contamination

Application area:

Edging: Laser cut without crust
Washable: 95° C
Box contents: 20 plastic bags of 10 Contents

Microfibre cloth SOFTPLUSH EDGELESS

Colour	Art. no.
 Blue	300316

Features:
One side terrycloth, one side long-pile. The softplush edgeless cloth is ideal for long-pile and the most coarse dirt, dust, etc.

Advantage:
The edging does not scratch. This makes it ideal for the automotive industry.

Application:
Slightly moist or spray cleaning

Application area:
Universal, dust, polishing, treatment, paintwork

Cloth size: approx. 40 x 40 cm
Weight: approx. 50 g/cloth
Edging: Laser cut without crust
Washable: 60 - 95° C
Box contents: 20 bags of 10

 Recommended for vehicle maintenance

Microfibre WINDOW CLOTH

Colour	Art. no.
 Blue	300304

Features:

One side smooth, ribbed, one side mini-wave texture.

Application area:

Can be used damp or for spray cleaning.
Windows, mirrors, stainless steel, high-gloss surfaces.

Cloth size:	approx. 40 x 40 cm
Weight:	approx. 49 g/cloth
Edging:	Double, reinforced, additional edge binding
Washable:	60 - 95° C
Box contents:	20 bags of 10

Microfibre WINDOW CLOTH SHINE

Colour	Art. no.
 Blue	300418
 Red	300417
 Yellow	300416
 Green	300415

Features:

Medium-fine rib surface texture, cloth surface in high-gloss look!
Two different sides, extra strong polishing effect!

Application area:

Windows, mirrors, glossy surfaces, smooth stainless steel, chrome

Application:

Moist for cleaning coarse dirt, dry as spray cleaning for light contamination

Cloth size:	approx. 40 x 40 cm
Weight:	approx. 50 g/cloth
Edging:	Extra strong, tear-resistant!
Washable:	60 - 95° C
Box contents:	20 bags of 10

Microfibre WINDOW CLOTH BRILLIANT

Colour	Art. no.
 Blue	300478

Features:

Polishing cloth made of high-quality microfibers with an excellent cleaning performance. Product strength: gentle but very strong dirt removing capability on smooth and glossy surfaces.
Excellent gliding, no streaks through its rimless cloth edging.
Top quality product for a streak and lint-free cleaning results!
Suitable for spray and wet cleaning.

Application area:

Windows, mirrors, glossy surfaces, smooth stainless steel, chrome.

Cloth size:	approx. 50 x 70 cm
Weight:	approx. 190 g/m ²
Edging:	Ultrasonic cutting
Washable:	60 - 95° C
Box contents:	20 bags of 10

Microfibre KITCHEN TOWEL

Colour	Art. no.
 Blue	300604
 White	300600

Features:

Smooth ribbed surface texture, two different sides with handle for hanging up.

Application area:

Cleaning windows, general drying cloth with polishing effect.

Cloth size:	approx. 50 x 70 cm
Weight:	approx. 125 g/cloth
Edging:	Double, reinforced, additional edge binding
Washable:	60 - 95° C
Extra:	Crosswise handle for hanging up the cloth
Box contents:	15 bags of 10

Microfibre cloth FLEECE PRO

Colour	Art. no.
 Blue	301104
 Red	301103
 Yellow	301102
 Green	301101

Features:

Very high-quality, non-woven fabric, resistant to water jets!

Application area:

Universal cleaning, maintenance cleaning, can be used dry, moist or for spray cleaning. Top performance on metallic surfaces, ceramics, stainless steel, etc.

Cloth size:	approx. 35 x 40 cm
Weight:	approx. 140 g/m ²
Edging:	Laser cut
Washable:	60 - 95° C
Box contents:	15 bags of 10

Microfibre cloth FLEECE LIGHT

Colour	Art. no.
 Blue	301114
 Red	301113
 Yellow	301112
 Green	301111
 White	301110

Features:

Very economical mixed-fibre non-woven fabric. High-quality fibre blend 50 % polyester/50 % polyamide, very soft and rapidly absorbent cloth

Application:

Moist or spray cleaning, absorption of liquids

Application area:

Hospital, rest homes, universal, maintenance cleaning, vehicles, glossy surfaces

Cloth size:	approx. 35 x 40 cm
Weight:	approx. 80-90 g/m ²
Edging:	Laser cut
Washable:	To a limited extent, disposable product with extended life
Packaging:	25 items in printed plastic bag
Box contents:	40 bags of 25

Microfibre cloth KNOBBY

Colour	Art. no.
 Blue	300610
 Red	300611
 Yellow	300612
 Green	300613

Features:

Application area:
Sanitary cleaning, WC, kitchen, gastronomy. Top performance on all common surfaces.

Cloth size: approx. 23 x 23 cm
Weight: approx. 56 g/cloth
Edging: Double, reinforced, additional edge binding
Washable: 60° C
Box contents: 10 bags of 10

Microfibre PU-CLOTH

Colour	Art. no.
 Blue	300824
 Red	300823
 Yellow	300822
 Green	300821

Features:
Cloth soaked in polyurethane for increased chemical resistance and durability, lint-free

Application:
Universal, maintenance cleaning, glossy surfaces, reflective surfaces

Application area:
Windows, mirrors, tiles, sanitation, wet rooms, smooth surfaces

Cloth size: approx. 35 x 40 cm
Weight: approx. 300 g/m² - 340 g/m²
Edging: No edging
Washable: 60 - 95° C
Box contents: 20 bags of 10

The FilSain brand is synonymous with carefully selected fibres and premium quality from the Mopptex range. The items in the FilSain brand offer outstanding properties and quality.

Filsain®

Premium products of the highest quality

Resistant, durable and unsurpassed in their basic properties, like cleaning and polishing effect.

Premium products of the highest quality

The FilSain brand stands for exquisite fibers and the best, finest premium quality from the Mopptex range. Outstanding features and excellent quality characterize FilSain's products.

FilSain products are resistant, durable and unsurpassed in basic properties such as cleaning and polishing.

FILSAIN® DESI Cloth

Colour Art. no.
 White 300345

Features:
 Stable, durable PREMIUM disinfectant cloth, specially designed for the regular use of disinfectants.

Application area:
 For the disinfection of all common surfaces and devices.

Cloth size: approx. 40 x 40 cm
Weight: approx. 41 g/cloth
Edging: Particularly strong, dimensionally stable
Washable: 60° C
Box contents: 20 bags of 10

Laboratory research objective and evaluation:

Due to positive charge, quaternary ammonium compounds own a high adsorptive and absorptive capacity to negatively charged surfaces, as for example cellulose fibers and conventional microfibers. By reason of this connection, active substances may no longer be available in sufficient concentrations for disinfection.

In order to ensure safety and functionality, MOPPTEX has developed special fiber structures and adapted them to the requirements of disinfection. This was underpinned by a 4 fields laboratory test by HOHENSTEIN Laboratories Germany.

In the study, the evaluation criteria of DIN EN 16615.2015-06 – Quantitative test method for the determination of bactericidal and yeasticidal activity on non-porous surfaces with mechanical impact using FILSAIN® DESI cloth in the medical area – were used.

Evaluation: under the conditions tested, a perfectly harmonizing bactericidal and yeasticidal activity, test report no. 18.8.1.1597, was confirmed.

Microfibre cloth FILSAIN® UNIVERSAL

Colour Art. no.
■ Blue 300320

Features:

The FILSAIN brand cloth is made from selected PREMIUM matrix fibres and offers unbeatable cleaning performance. It is streak-free and has an extreme polishing effect.

Cleaning pads

Round pad
Hand pad
Cleaning pads

Microfibre Sani pad ABRA

Colour	Art. no.	Logistical benefits
Blue	200434	• Less space required than conventional scouring pad
Red	200433	• Less space required in the washing process
Yellow	200432	• Can be washed much more often than conventional scouring pad
Green	200431	• Hygiene benefits

Features:

Ergonomic, round cleaning pad made from synthetic, robust and resistant fibres for germ-free sanitary cleaning and scrubbing. Abrasive texture for scratch-free scrubbing of ceramics, porcelain and all other washbasins, bidets, baths and urinals. The product can be washed repeatedly and offers significant advantages over conventional scouring pads:

Application area:

Sanitation, washbasins, urinals, WC bowls, bidets, etc.

Size:	12 cm diameter
Washable:	90° C
Suitable for tumble-drying:	Yes
Box contents:	200 items

Microfibre Cleaning pad UNIVERSAL White

Art. no.: 200445

Special features:

The microfibre cleaning pad UNIVERSAL WHITE is made from fine, high-quality microfibres that release and absorb dirt.

Application:

Moist or spray cleaning

Application area:

Tables, doors, walls, counters, ideal for edges and corners

Pad size:	approx. 11 x 15 cm
Weight:	25 g
Edging:	Reinforced, additional edge binding
Washable:	60 - 95 ° C
Box contents:	50 items

Microfibre Hand pad SANI

Red or blue bristle

Colour	Art. no.
Blue	200430
Red	200420

Article:

The rows of coarse bristles give this pad excellent dirt removal properties and ensure it wipes perfectly smoothly. The microfibres perfectly absorb the dirt removed by the bristles and release it again during washing. Recommended for sanitary areas, tiles, baths and wet rooms.

Application:

Sanitation, tiles, baths, wet rooms

Size:	28 x 10 cm
Washable:	60 - 95 ° C
Suitable for tumble-drying:	Yes
Box contents:	100 items

Microfibre Cleaning pad SANI

Blue, red or yellow bristle

Colour	Art. no.
Blue	200447
Red	200446
Yellow	200449

Special features:

The microfibre cleaning pad SANI RED/BLUE/YELLOW BRISTLE is made from soft polypropylene bristles that release stubborn dirt and limescale deposits and absorb them with the fine microfibres.

Application:

Moist or spray cleaning

Application area:

Sanitation, tiles, taps, wet rooms, washrooms, WC, washbasins, toilets

Pad size:	approx. 11 x 15 cm
Weight:	23 g
Edging:	Reinforced, additional edge binding
Washable:	60 - 95 ° C
Box contents:	50 items

Microfibre Cleaning pad WINDOW PRO

With Velcro back

Colour	Art. no.
Blue	300308

Article:

Ideal for cleaning all smooth surfaces like glass, mirrors, stainless steel, ceramics, etc. for absolutely streak-free cleaning, combined with glass cleaner or simply water.

Application area:

Windows, mirrors, tiles, wet rooms, high-gloss

Application:

Ideal for spray cleaning

Size:	31 x 11 cm
Washable:	60° C recommended, up to 95° C possible
Suitable for tumble-drying:	Yes
Box contents:	200 Stk.

Microfibre Cleaning pad ABRA

Colour	Art. no.
Blue	200448

Special features:

The microfibre cleaning pad ABRA is made from abrasive material to remove coarse dirt, limescale and encrusted dirt. Suggestion: As a second step, use the universal pad to absorb the removed dirt.

Application:

Ideal for spray cleaning

Application area:

Sanitation, tiles, taps, wet rooms, washrooms, WC, washbasins, toilets
